

## Semi-Frameless and Frameless Glass Pool Fencing

Glass pool fencing can add an elegant and stylish look to your pool area. Here at The Fencing Factory we specialise in toughened certified glass pool fencing. All of our glass has been tested and complies to the most current standards. We are able to provide you with both semi-frameless and frameless style glass pool fencing.

Our frameless glass fencing consists of 12mm thick panels with 8mm thick gates.

These panels are installed using mirror finish stainless steel spigots. The Semi-Frameless glass fencing consists of 10mm thick panels with 8mm thick gates.

These panels are installed between powdercoated aluminium square posts. These posts can be powdercoated to any colour of your choice from the Dulux powder coating colour range.

**12mm Frameless Panels, 10mm Semi-Frameless  
Panels and 8mm Gates.**

All glass pool fencing is 1.2m high.

If you would like a supply and install quote please do not hesitate to contact us on 4725 6003 and we will be able to arrange to provide you with a price.

Supply and install quotes are subject to site inspection.
